4.1 Timing control system

World Archery timing equipment will be used for timing and scoreboards on preliminary rounds and finals.

4.2 Results system

- Qualification Round - scoring will be completed by athletes. One athlete records, on the official paper based score sheet, the scores of all other athletes on that target. At the same time, another athlete, on that same target, will enter all the scores of the athletes on that target into the scoring tablet. The line will be AB.
- Scorecards MUST be signed by both the athlete and the scorer, have all the totals mathematically correct with the 10s+Xs and X count fully completed. Any scorecards where the 10s+Xs and X count are not completed a "0" will be given for the total of 10s+Xs and X count for that athlete. Any score cards not signed or the score total is missing will result in disqualification.
- Elimination Round – scoring will be completed by athletes. One athlete/team records the arrow values of both athletes/teams on the paper score sheet. While at the same time, the other athlete/team inputs the arrow values into the scoring tablet. Both athletes/teams should verify that all scores are written and entered correctly before returning back to the shooting line.
- At the end of the match, the scorecard must be fully completed and signed by the athletes (or agent/judge in the case of finals) involved in the match.
- Scoring tablets will be used during the Qualification and Elimination Rounds, but not in the Finals. Mr. Diego Alum is responsible for the results of the event.
