

2021 DAC Halloween Funshoot

Bring out the best version of your robin hood, Merida, Green Arrow, Hawkeye in this Month's Halloween Funshoot edition. And since wearing costumes is customary let's see some archery inspired outfits, be it from your fave characters, or the more tradition or authentic historical archer you want to portray. Let's limit our costumes to archery specific theme and make sure it does not impede our shooting or safety while we shoot. Let's beat our personal best and have fun doing it. Of course costume is not mandatory, what is more important is your participation.
