Procedures and Information

Scoring and Scorecards

Qualification Round - scoring will be completed by athletes. One athlete records, on the official paper based score sheet, the scores of all other athletes on that target. At the same time, another athlete, on that same target, will enter all the scores of the athletes on that target. Scorecards **MUST** be signed by both the athlete and the scorer, have all the totals mathematically correct with the 10s+Xs and X count fully completed. Any scorecards where the 10s+Xs and X count are not completed a "0" will be given for the total of 10s+Xs and X count for that athlete. Any score cards not signed or the score total is missing will result in disqualification. If an Arrow value has been altered by an athlete and not a judge the arrow value/s that have been altered will be zeroed as a consequence.

All results will be uploaded to lanseo throughout the event. Should an archer identify an error or concern this should be raised to the TO or Chairman of Judges before the Awards are distributed .
