Archers should not change an arrow value themselves please ask a judge to do this or if an arrow value is unclear do not try and write over it get a judge to verify the value. Consequences of arrow values being altered by archers will result in that arrow value being recorded as a zero. Scoresheets should only be

completed in Blue or Black ink please refrain from using any other colours or red ink. Misses should be recorded with the letter 'M'

Individual Matches – Archers will be assigned their own scoresheet, once the match has commenced please swap scoreboard and score your opponents arrows. Recurves and Barebows will use the set point system and Compound archers will use the cumulative scoring system. All Scoring for this will be paper based the electronic devices will not be used.
