

Afternoon weather issues,

If we have to cancel the shoot, steps will be taken as follows.

If we cancel before the completion of the 1/8 round for your category, awards will be based on qualifications from today, yesterday, and yesterday matches, medals can be awarded today

If we cancel after the completion of a category's 1/8 round (not tier specific), results will be worked out from today's qualification, match results and calculated positions, and yesterday's qualification scores and match results. However, awards will be sent in the post to ensure the correct result, as this will take time to work out

If we can complete the shoot fully awards will be awarded as per the prospectus.
