## Welcome word from the LOC

As Chairman of the Organizing Committee, it is my pleasure to welcome all participating athletes, officials and all distinguished guests to the 2024 European Youth Championships, in Ploiești, Romania.

I am sure that all participants – athletes, officials, media representatives and archery enthusiasts – will enjoy this exciting competition and all together will be part of this experience, demonstrate their great skill, competitiveness and fairness at the event.

On behalf of the Organizing Committee, I would like to present my gratitude to World Archery Europe and all its member associations for their support and cooperation.

I am confident that all participants will enjoy unforgettable impression of the "black gold" city in Romania. As we know, the amazing Turkish archer Mete GAZOZ is still the European record holder at 70m (698 points), achieved in Romania 5 years ago. I wish you all a very pleasant stay in Ploiești and the best of luck to all athletes in achieving excellent results.

Sincerely yours,

Mr. Cornel Răzvan MILAN

All medal matches will be shot alternate and will have livestream coverage. Videos will be published on [World Archery Europe YouTube official channel](#).

## Competition program

The latest competition program is published separately on lanseo online platform. Any official competition schedule will have indicated the version number it was printed. The current version of the schedule, when writing the team managers booklet is v1.0, 21<sup>st</sup> June 2024.

The equipment inspection will be done by country. Each team will be called in English alphabetical order and invited by the announcer to the dedicated place for the equipment inspection area on the competition main field.

The equipment inspection will not be limited to only the official practice, judges can, at any time during the competition, require inspecting an athlete's equipment including the bow. There is no access to the competition main field before or without accreditation is done.

All team members (archers and officials) shall wear or bring their team uniforms.

Spare equipment must also be brought to the equipment inspection.

The start numbers will be given at the warm up on the day of the competition (it will be distributed on the shooting line, in front of archer's position).

The target assignment will be published before the start of the official practice, so archers can practice on their assigned targets. The target assignment will be published only on boards and on internet.

Correct names and date of birth will be checked at the accreditation, so please bring the documents to the accreditation (passport or ID).

## Qualification round & Information on scoring

***30 seconds per arrow will be the time allowed for individual shooting during Qualification Round, therefore the time limit for 6 arrows will be 3 minutes.***

Although WA rules require compliance with this rule only for World Ranking Events, WA and WAE want competitions for youth to be organized at the highest level and give consistency for many of the young archers shooting senior events. The decision was made by the WAE Executive board. Shooting in qualifications will be conducted with 3 - 4 archers per target in AB - CD format.

For the Qualification rounds, **no faces will be changed after the practice arrows**. Please instruct the archers to mark the arrow holes during practice.

The athletes will have double scoring from Qualification round till individual bronze medal matches and the same is for team and mixed team competition: one electronic and one on paper scorecard.

For each target, one athlete will enter the score on the paper score sheet; another athlete will make the electronic scoring.

**All the athletes on the same target must verify that the correct scores are entered.**

Please instruct your athletes to fill in properly the scorecards including total score, 10's and X's and sign the card before handing them back after each round. Double scoring is required (one on paper and one electronic) and after the match also the winner has to be marked.

Judge Annotations

In case of tied score on positions 8 when we have more than 32 archers in the category, a shoot off will be arranged. Neutral targets will be used.

## Individual Elimination Round

There will be no names in front of the shooting line. New back numbers will be issued which will include names, ranking from the qualification round and target assignments for next ends for the winners.

For the Elimination Rounds, the target faces will **NOT** be changed after practice arrows. So, please instruct the archers to mark the arrow holes during practice. Matches will start as soon as the field is ready. We will keep to the starting time at the beginning of the session and then the competition will run as it goes. Therefore, some matches could start sooner than the time indicated in the schedule. Please be aware of this and be prepared for it. Byes are allowed.

In case of a bye, athletes may be allowed to shoot on their own target, provided the competition schedule allows. If the competition schedule allows, no score will be recorded or displayed and athletes shooting their bye must respect the DOS timing and signals of the competition.

Recurve athletes are permitted to shoot 3 sets of practice and compound athletes are permitted to shoot 5 ends of practice for their bye.

The individual elimination round will begin with the 1/48 in categories where we have more than 56 archers and with the 1/24 in categories where we have 33 - 56 archers. Top 8 individual archers will go directly to the 1/16 eliminations. Archers from 9<sup>th</sup> to the last position will shoot the 1/48 or 1/24 eliminations, as appropriate. Then the top 8 will join the winners' of 1/24 eliminations to complete the 1/16 elimination. Please check the schedule.

#### **Recurve.**

- The set system will be used for Recurve Division. All individual matches will consist of maximum 5 sets of 3 arrows per set. Archer with 6 set points wins the match.

#### **Compound.**

- The compound match round will be used for Compound Division. All matches will consist of 5 ends of 3 arrows, cumulative scoring.

## **Team and Mixed Teams Eliminations and Finals**

The Team and Mixed team Elimination Round will start with the 1/12 or 1/8, depending on number of teams. In case of a bye, teams will be allowed to shoot on the competition field, but no score will be recorded or allowed to be displayed. Remember that the composition of the mixed team can be changed in writing at least 15 minutes before the start of official practice of that round of competition - see below the Reminder on Rules.

All medal matches will be organized with alternating shooting. Remember that you need an agent for the blind. Byes are allowed.

**The form is attached at the end of this document.**

#### **Recurve Team.**

- Max. 4 sets of 6 arrows, 2 arrows per archer (set points scoring). Team with 5 set points wins the match.

#### **Recurve Mixed Team.**

- Max. 4 sets of 4 arrows, 2 arrows per archer (set points scoring). Team with 5 set points wins the match.

#### **Compound Team.**

- 4 ends of 6 arrows, 2 arrows per archer (50m, cumulative scoring).

#### **Compound Mixed Team**

- 4 ends of 4 arrows, 2 arrows per archer (50m, cumulative scoring).

Shoot-off in Team eliminations and Finals with simultaneously shooting is just one arrow each archer, 60 sec./team (40 sec. for Mixed Teams). In Bronze and Gold medal matches with alternating

shooting the archers are alternating after every single arrow.

## Individual Finals Round - Bronze & Gold Medals Matches

All Bronze and Gold medal individual matches will have alternate shooting. The Practice Field for finalists will be organized close to the Final's field. Remember that you need an agent for the blind.

## Appeal Procedure

**An Appeal form is attached to this document (at the end).**

In case of Intent to Appeal or an actual Appeal, the times indicated on the Appeal form must be considered. The Appeal form should be given to the Chairman of the Tournament Judge Commission or to his/her deputy. A fee of 50 -EUR must be paid to the Chairman of the Tournament Judge Commission, for the Appeal to be valid.

If the Appeal is upheld by the Jury of Appeal, the fee will be returned. In the case of the Appeal being rejected, the fee will not be returned.

## Timing Control System

The similar system to CHRONOTIR (made in Romania) timing equipment will be used to maintain timing through all the tournament.

## Results system

IANSEO will be the system management used for results. The scoring in the Qualification and Elimination Round will be done by the archers. One athlete record on the official paper-based score sheet, the scores of all other athletes on that target. At the same time, another athlete, on that same target, will enter all the scores of the athletes on that target into the scoring tablet.

Both athletes/teams should verify that all scores are written and entered correctly before returning back to the shooting line.

The tablets are used during the Qualifications and Eliminations but not in the Finals during the bronze and gold medal matches.

At the end of the match, the scorecard must be fully completed and signed by the athletes (or agent/judge in the case of finals) involved in the match.

Scorecards **MUST** be signed by both the athlete and the scorer, have all the totals mathematically correct with the 10s+Xs and X count fully completed.

Any scorecards where the 10s+Xs and X count are not completed a “0” will be given for the total of 10s+Xs and X count for that athlete. Any score cards not signed or the score total is missing will result in disqualification.

**IMPORTANT NOTE: There will be internet access also in the official hotels. Because of this we will not distribute any printed results and information.**

## Reminder on Rules - that apply in #EYChamp2024

### Practice on the competition field during byes

- Practice on the Competition Main Field during byes will be limited to three arrows per end and maximum of three sets for recurve and five ends for compound. If more than three arrows are shot by an athlete in an end after being warned by a judge, the athlete may be denied further practice on the competition field but any such violation shall not affect the next match.

### Team members' nomination

- A team shall consist of the highest ranked 3 (or 2 if a Mixed Team) athletes from the Qualification Round unless the Team Manager notifies the official approved result verifier or the Chairman of Judges in writing at least 15 minutes before the start of official practice of that round of competition of a substitution of another athlete who competed in the Qualification Round. In case of substitution medals will only be awarded to the athletes that the Team round, not the Qualification Round. A violation of the foregoing will result in disqualification of the team.

### Number of Team Officials

- A Team Manager may be helped by other Team Officials (such as coaches, physiotherapists, psychologists, etc.). There may not be more than one Team Official on the field of play for each athlete competing at the time.

### Shoot-off's - Individuals

- A single arrow shoot-off for score.

- If the score is the same the arrow closest to the center of the target face shall resolve the tie and if the distance is the same, successive single arrow shoot-offs, until the tie is resolved.
- If both athletes miss the scoring area of the target, both athletes will shoot an additional arrow.

#### **Equipment failure or medical issue**

- In the event (during the Qualification Round) of an equipment failure, verified by a Judge, or a medical issue, verified by medical personnel, extra time may be given to make the necessary repairs, change the damaged equipment or for medical personnel to determine the problem and decide whether or not the athlete is fit to continue competing unassisted. However, the maximum time or number of ends for make-up arrows to be shot is 15 minutes (following regular order of shooting and timing), or two ends of six arrows outdoors and three ends of three arrows indoors, whichever happens first. The athlete shall make up the appropriate number of arrows at the earliest opportunity under the supervision of a Judge.
- No extra time shall be allowed for equipment failure or the treatment of medical problems during the Eliminations and Team/Mixed team event, but the athlete concerned may leave the shooting line to resolve the issue and return to shoot any remaining arrow(s) if the time limit permits. In the Team Event other member(s) of the team may shoot in the meantime.

## **Rankings**

After the end of this event, the Youth Cup Ranking will be prepared and the results obtained during the European Youth Championships in Ploiesti will be added to those ones obtained in Sofia.

The awarding of the Youth Cup circuit 2024 will take place immediately after the awarding of the competition.

## **Dress Regulations**

Athletes, officials and staff should have a proper appearance when they are on the field during competition. Athletes, Team Officials and technicians should wear their national team uniforms (with same look per division following WA rules) and sport shoes.

All members of one team by category shall be dressed in the same team uniform. The teams of one country may wear different design and color uniforms. Team officials may wear a different style but should wear the same colors and should be easily identified as the official of their team.

No denim or jeans, regardless the color, or camouflage clothes and equipment may be worn nor any oversize or baggy type pants or shorts.

During the Team and Mixed Team match play competition the same color and style shirt/blouse/top and the same color pants/shorts/skirts shall be worn.

Due to weather conditions, protective clothing such as sweaters, track suits, raingear, etc. may be worn following approval by the Technical Delegate of the event, or, in his absence, the Chairperson of the Tournament Judge Commission.

Headwear is optional.

Opened shoes are not allowed on the Main Competition Field or the Practice Field.

We would like to remind all teams that names of archers and country code are appreciated for youth cup events, but mandatory only for archers participating in major events.

## Lost arrows

All lost and find arrows are to be reported to judges. An arrow found on the field of play at later stage of the competition will be considered as a part of that end if not reported.

Lost arrows on the Practice Field must be reported to the event volunteers on that field.

## Accreditation cards rules

### Procedure

The accreditation card must be worn at all times in the practice and competition areas as well as also during the meals.

Proof of accreditation shall be carried at all times on the competition area and shall be shown on request of appropriate officials. Only holders of appropriate accreditation shall be allowed onto the relevant parts of the competition area.

### Accreditation card

Athletes and team officials, registered in WAREOS, will be issued an accreditation and lanyard. Only one accreditation will be issued, with a lanyard, for the #EYChamp2024 event.

### Photos

Will be taken on venue at the accreditation.

## Bow storage

There is an area reserved in the grandstand for the storage of bow cases within the Hippodrome Complex, the location of the competition. Access to this area is through the entrance in the building designated for equipment storage, at ground floor lobby.

## Transportation

The transportation to the Competition Field (and Practice Field) will be for the morning and afternoon sessions.

All equipment transported in Official Shuttles shall be fully packed in bow cases. No quiver, arrows, or any other part of bows will be allowed in the seating area of the buses.

Please remember all bows and arrows must go in coach's hold, none will be allowed on the bus.

Daily transportation information and schedules will be placed at the official event hotels on notice boards as InfoPoint's.

The local bus schedule for the event is below, also for Judges. Last-minute changes may occur, depending on unforeseen situations.

See below the transport diagram planning.
