When you're done, tap the Back button to return to the main screen.

If the cloud icon in the top right turns red. it disconnected from the wifi. To reconnect, tap it until it turns green.

If the Wifi Signal indicator is outlined or disappears, it has disconnected from the Wifi.

When you have entered the last value, the App will return to the main screen.

You can view the scorecards at any time by pressing the scorecard icon at top-right corner.

Swipe down from the top of the screen and press & hold the signal icon to open the Wifi window. Click on the "results" network to reconnect.

Now do the same for every archer.
