Each archer's final score for the tournament will be the sum of their best four (4) round scores. Understanding that archers may face various commitments and weather challenges during the winter months, we have structured the tournament to ensure inclusivity. By considering only the best four scores out of the five possible rounds, we aim to accommodate those who may be unable to shoot due to personal reasons, travel, or inclement weather.

Participants will have the chance to excel in their craft, set personal records, and be recognised for their outstanding achievements. The tournament aims to foster a sense of community and camaraderie among junior archers, encouraging them to push their limits and strive for excellence. It's not just about winning; it's about growing, learning, and having fun while shooting.

We believe that every young archer has the potential to shine, and this tournament is the perfect platform for them to do so. Whether you're aiming for your first medal or looking to add another to your collection, this event promises to be an unforgettable experience. We can't wait to see the amazing performances and share in the excitement of our junior archers' accomplishments.
