### **Agenda: Individual EPACC Finals**

Conflicting requirements for WRE finals and WAE rules for the European Para Archery Cup Finals.

The consequences make it impossible/uncertain to determine who is going to meet who in the Semifinals in the Finals of EPAC because most of the bonus points who should be used will be earned at the WRE finals on Saturday afternoon.

The situation explained and discussed!

Agreed solution, using the bonus points from ¼ finals, semi and if still possible ties; bronze match will be anticipated after the morning session Wednesday. The two going to the gold match will get 2 bonus points each. If ties occur, WAE rules apply with attendance and the accumulated points from both legs' qualifications.

The only missing bonus points will be the ones for the gold winners!
