

*****IMPORTANT / NOTE *****

The times shown beside your match in the “Final Round – Brackets” section is the time your match starts SCORING.

Your practice starts in the round preceding your match, which could be 1 hour ahead of your match-scoring time if you start in the 2nd or 3rd round (1/8s or 1/4s).

The Compound Men (both age groups) start in the 1/16 with 3 ends of practice starting at 9am. The scoring then starts at approx. 9:20am.

This means those groups starting in the 1/8s would start their 3 ends of practice at 9:20am, and start their scoring match at 10:20am.

Please remember that all times are approximate. If the match/round finishes early, the next round starts earlier.

Do not be late! Be more than an hour early for your match. If you are late, you may lose practice ends and/or forfeit your match.

Plan accordingly.
