

Parking locations for Archery Competitions for 2026 season

 Allowed Parking

 Blue badge bays

 NO PARKING on the new road

Parking locations for Archery GB Competitions for 2026 season.

Please follow the designated parking areas this weekend and adhere to the instructions given by our parking attendants at all times.

There are currently roadworks taking place around the outdoor fields, with the road being resurfaced and replaced. We do have permission to use the large field for parking; however, please take extra care when entering, as access is limited to a narrow entrance due to the ongoing works.

Once parked, please be considerate of others and ensure you do not block any vehicles.

Parking on the road alongside the fence is strictly prohibited. Any vehicles parked in prohibited areas will be required to move before the competition begins.

If the marked parking bays on the road become available in time, we will allow their use on the day.

If you require blue badge parking, please register and have your badge with you for display, All blue badge parking spaces are marked and on the right as you arrive next to the pavilion.

Many thanks for your cooperation.
