A different warm up field will be available in front of finals field dedicated only to the archers participating in the finals.

3.6. Equipment Inspection

Equipment inspection will follow the schedule of the official practice and will take place at the official practice field. Each team will be called in the English alphabetical order and invited by the judges to a designated area on the competition field for equipment inspection.

Important notes:

- All team members (archers and officials) must wear or bring their team uniforms for inspection.
- Spare equipment and accreditation cards must be also brought for inspection.
- The start list will be published before the beginning of the official practice to allow archers to practice on their assigned targets. Therefore, archers are requested to practice on their assigned targets to ensure smooth conduct of the official practice.
- Start numbers will be distributed during warm up on the day of competition and placed at shooting line in front of archer's position.
- After qualification round archers will receive their target assignments for individual eliminations and finals printed together with their name.
- Access to the competition field is prohibited without accreditation and national uniform.

Double scoring (electronic and paper score sheet) will be used from the Qualification Round through to the Individual Bronze Medal Matches. This applies also to Team and Mixed Team competitions: One athlete per target will record the scores on a **paper score sheet** and another athlete will enter the scores using **electronic scoring**.

All athletes on the same target must verify that the correct scores are entered.
