## LIVE RESULTS

While the event is live, follow live results, analysis, and score comparisons at [tv.turnio.eu](https://tv.turnio.eu).

## FAIR PLAY

This competition is based entirely on trust and fair play.

There are no judges, target photos or complicated verification procedures. Enter the score you actually shot.

If someone decides to cheat, they are only cheating themselves. Your friends, clubmates and archery community usually know the level you normally shoot at anyway.

And considering our incredible prize fund, cheating probably isn't worth it. 😊

## ENTRY & SUPPORT

Participation is completely free. Just register, shoot and have fun!

If you enjoy the competition, please consider a small optional contribution. It helps cover event costs, keeps everything online, and supports more challenges.
